

CS@SC PROGRAMMING SUMMER CAMP

Do you want to write an app? Create a video game? Invent new technology? It all starts with programming!

The CS@SC Programming Summer Camp teaches 4th-8th grade students to program who have no experience in one week. Camps run from 8:00a.m.-3:00p.m. Monday-Friday from June 8-12 and June 15-19. More information and registration can be found at

<http://summercamps.usc.edu>

The camps are **FREE** thanks to the generous support of Kathy Kemper of the Institute for Education and the USC Department of Computer Science
